Conservative Police and

Tackling Road Safety and Speeding

Working with Peter Bedford, I have been consulting local people about their top concern - road safety. I have seen speeding problems in Botcheston and Stanton under Bardon as well as parking problems in Thornton and lorries ignoring the weight restrictions in Bagworth.

The police need to boost the Community Speed Watch programme, co-operating with parish councils, neighbourhood watch groups and volunteers to crack down on dangerous stretches of road. And they need to set up speed traps more often while adopting a more robust policy of prosecutions for speeding and dangerous driving.

My Three Point Plan for Policing in our area

- 1 Community Policing** - Work with schools, parish councils, Neighbourhood Watch & the public.
- 2 Visible Policing** - Make the police more visible in DIVISION NAME to deter crime, improve security and make it easier to report problems.
- 3 Hi-Tech Policing** - Ensure that our front line police have the training and equipment they need - including drones, body cams and tasers.

Combatting Rural Crime

Criminal gangs view rural areas as being a soft touch. Working with Peter Bedford I have developed a strategy to deal with rural crime.

- * Deploy more visible policing to rural areas.
- * Make sure the police respond to every crime.
- * Fund and support crime prevention measures by parish councils and neighbourhood watch.
- * Enforce new Trespass criminal legislation

Join the Winning Team

Rupert Matthews has been working with our popular Conservative Member of Parliament, Dr Luke Evans, to lobby Prime Minister Boris Johnson to deliver on his pledge to increase the number of police in Leicestershire. Already 150 have been recruited and more are on the way. Join our winning team by Voting Conservative on Thursday 6 May for the PCC and for County Council.

Dear Resident,

I hope that you and your families are keeping well during these difficult times.

For the last four years it has been a privilege to have served as the Leicestershire County Councillor for Markfield, Desford, Bagworth & Thornton, Botcheston and Stanton under Bardon.

During this time, I have represented residents at **over 100 Parish Council meetings, 50 County Council meetings**, and fought for local residents on a range of issues including: **speeding, parking enforcement, school placements, noise nuisance, air quality and rural bus services** to name a few!

I care passionately about our area and because I live locally, I see first-hand the issues that affect residents and what needs to be done.

I hope that over the last four years I have shown that I have worked diligently on behalf of residents and have kept you informed via my newsletters, social media posts, as well as my regular updates in The Herald & The Graphic magazines.

I am proud of my achievements locally, some of which include:

- ✓ Preserving a rural bus service for Markfield & Stanton
- ✓ Supporting Free School dinners for kids in need during the holidays
- ✓ Fighting for residents against unsustainable developments in Desford, Bagworth & Thornton, Stanton and Markfield
- ✓ Obtaining grants from the Bardon Hill Community Fund for projects such as Markfield's Community Park, Mercenfield Primary School, Stanton Primary School, Thornton Nature project, Bagworth Market and amenities, The walk to South Charnwood High School
- ✓ Securing the Double-Glazing scheme for residents of Shaw Lane, Markfield
- ✓ Development of the £1,000 Community Pub Scheme grant to support pubs through the crisis; such as those in Desford and Botcheston
- ✓ Securing £25k from Leicestershire County Councils' Community Fund for Covid Support groups across the villages

... as well as over **250 pieces of residents' casework** during the last four years!

I may be a politician, but I have always put local issues above party politics.

It is customary for politicians to miraculously turn up, just before an election, to ask for your vote; but I would hope that my work during the last four years demonstrates my ongoing commitment to you and our local community!

I very much hope that on **Thursday 6th May** you will lend me your support.

With best wishes,

Peter
