Our record includes:

- ✓ For 3 years rated the most productive and efficient council; changed the size and scale of the Council whilst protecting front line services
- ✓ Replaced 68,000 streetlights with LEDs, cutting our carbon emissions by 73% and saving £1.7 million per year; committed the Council to be carbon neutral by 2030
- ✓ Protected the most vulnerable children and adults, before and during the coronavirus pandemic
- ✓ £1.5 million of support for voluntary and third sector groups and a £750,000 Business Recovery Fund

Our plans include:

- A greener future for Leicestershire – the Leicestershire Green Recovery; invest £16 million to reduce further our wider greenhouse gas emissions; ambitious tree-planting project
- Continue to be a productive council and support economic recovery
- Protect the vulnerable and assist independent living
- Highway improvements, increase gully cleaning
- More average speed cameras
- Work with others on flood mitigation measures
